

COUNTRY[®]STOVES

A LIFETIME OF WARMTH

CHATEAU SERIES DV GAS FIREPLACES

“Country Stoves has always been a company passionate about creating quality, warmth, and comfort. For 28 years, this passion has been hand-crafted into each stove. That’s why thousands of families have trusted us with providing the warmth and comfort they were looking for. By owning a Country Stove, you too can experience the passion, performance, and warmth that is Country.”

Wishing you a lifetime of warmth,

FROM OUR FAMILY TO YOURS

At Country, we take family seriously.

Country Stoves is one of the few manufacturers of stoves that remains independently owned and operated. It’s a family business – has been since its inception in 1977 – and remains today proudly independent and operated by the same family. Our reputation is built on beautiful, innovative hearth products that stand the test of time.

Every stove that leaves our plant, wood, gas, or pellet, is built as if it will be our home it’s heating, our family it keeps warm and cozy. That’s the way it’s always been done at Country. We remain dedicated to incorporating the latest technology and design to make our products the most efficient, reliable, environmentally friendly, and beautiful products on the market today.

We’ve grown and changed over the years, but we haven’t lost what made us successful to begin with – a dedication to providing you and your family a

THE CHATEAU SERIES DIRECT VENT (DV) GAS FIREPLACES: FLEXIBLE ELEGANCE

The Country Stoves Chateau Series DV gas fireplaces balance elegant design with unmatched flexibility. The Chateau Series fireplaces are available as a 42,000 BTU unit (heats up to 2,250 sq. ft.) or a 30,000 BTU unit (heats up to 1,400 sq. ft.) to fit most heating needs. Because they are direct vent fireplaces, the Chateau 30 or 42 can be installed just about anywhere in your home: bedroom, living room, kitchen, bathroom, anywhere you can imagine. And with a variety of faces available in four different finish options, they can be customized to fit into any décor elegantly.

CHATEAU SERIES DV GAS FIREPLACES STANDARD FEATURES:

- Variety of faces and finishes available to compliment a broad range of architectural styles
- Beautiful, realistic log set molded from real burned logs
- State of the art burn technology provides the look of an authentic wood-burning fire
- Realistic fireplace depth
- 200 CFM blower
- High efficiency wall furnace rated fireplace operates without electrical power
- Heavy 12-gauge aluminized steel firebox construction (compare to other manufacturer’s sheet metal construction)

LIMITED LIFETIME WARRANTY

We are proud to stand behind our stoves and we prove it by offering a Limited Lifetime Warranty on all of our products. See your Country Stoves professional for more details.

CHATEAU SERIES FACE SYSTEM

This new modular face system represents the next generation in fireplace design. The concept is simple: we have created base faces that are compatible with several different designs of insets and finishes. This allows you to mix and match the faces and insets to create the perfect fireplace face to complete your home.

ARCHFACE

FINISHES:    

Gold Brushed Nickel Black Nickel Black

ARCH

The Arch face, with its soft curve, creates a perfect frame for the warm, dancing fire produced by the Chateau Series fireplaces. The variety of finishes and insets available allow you to customize your fireplace to fit your unique home and lifestyle.

Choose from four different finishes (gold, brushed nickel, black nickel and black) and three different insets (Aspen, Napa, and Tuscan) to build the perfect face for your fireplace.

- Aspen - Brushed Nickel
- Napa - Black Nickel
- Tuscan - Gold

Arch Insets

ARCH

CLASSIC

The Classic face has a simple and understated design that will fit any décor. Select from four different finishes (gold, brushed nickel, black nickel, or black) and three different insets (Aspen, Napa, or Tuscan), to create the perfect statement for your hearth.

SCREENFACE

SCREEN

The Screen face has a clean aesthetic accented with soft curves and a screen to diffuse the light of the dancing flames. The understated design of the face allows it to fit naturally into almost any style of home from Cape Cod to ultra-modern. With subtle elegance, the Screen face brings the timeless appeal of an open wood fireplace to your home.

SCREEN

FOUNDRYFACE

FOUNDRY

The Foundry face, with its hand hammered black nickel straps, provides a rustic elegance to any home. Each face is made by hand and is an original piece – no two Foundry faces will ever be the same.

WHOLE HOME COMFORT SYSTEM

EVEN HEAT FOR YOUR WHOLE HOME:

Country Stoves exclusive "Whole Home Comfort System" uses a pressure differentiating cold air return system to circulate heated air from your Chateau Series DV gas fireplace throughout your home, warming your entire house not just one room. This system is designed to work with or without a blower. The "Whole Home Comfort System" utilizes natural convection to function effectively even in a power outage. Ask your dealer for details.

BRICK OPTIONS

Customize your Chateau Series DV Gas Fireplace by upgrading to any one of our hand-painted refractory designs. These new brick panels are cast from real brick or stone and finished by hand for a truly authentic surface. Additional designs not pictured here may be available, ask your Country Stoves professional for details.

Standard Brick

Red Brick - Upgrade

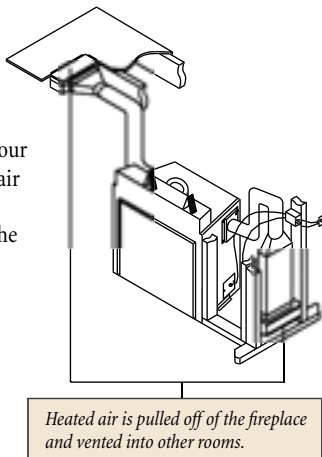

Architectural Stone - Upgrade
(Chateau 42 only)

DUCTABILITY OPTION

FORCED AIR DUCT KIT:

(Chateau 42 only)

The optional Forced Air Duct Kit allows your Chateau 42DV fireplace to act as a forced air furnace by moving heated air into rooms up to 20 feet away - above or adjacent to the fireplace. Ask your dealer for details.

REMOTE THERMOSTAT

(Chateau 42 only)

Adjust the comfort level of your room or home with a convenient hand-held remote thermostat. Wall mounted thermostat also available. Ask your Country Stoves professional for details.

OPTIONALS

HOW TO BUILD YOUR CHATEAU SERIES DV FIREPLACE
