

# COUNTRY GAS DIRECT VENT

COUNTRY STOVES FIRESTAR DIRECT VENT STOVE

## FIRESTAR DIRECT VENT: FLEXIBILITY AND CONVENIENCE IN AN EFFICIENT GAS STOVE FROM COUNTRY

The beauty of Country's Direct Vent FireStar stove goes well beyond its contemporary styling. Thanks to direct vent technology, this stove can be placed in virtually any room in your home. Not only will it lend ambiance to any room, it has also earned its rating as a high efficiency heater. With an output of up to 40,000 BTU's/hr, the Firestar Direct Vent Stove is capable of heating substantial areas – even during power outages. The result is a beautiful and powerful handcrafted heater with the reliability and convenience Country is known for. And, of course, like every stove built by Country, it is fully covered by our limited lifetime warranty. See the difference quality can make, and experience a lifetime of warmth with the FireStar Direct Vent Stove.
