# The Tiara Stove Series

Tiara II (Matte Black) with optional warming shelves

Tiara I (Cocoa Brown) with optional grille top and optional warming shelves

The Tiara Direct Vent Gas Stove Series blends all the comfort of old fashioned charm with the innovative technology and style of today. Available in three convenient sizes, the Tiara Petite, Tiara I and Tiara II are high quality cast iron stoves that offer homeowners a traditional look that will last for generations. The optional warming shelves enhance the realistic, traditional appeal while the optional remote controls, thermostat and fan kit will satisfy the desire for modern day convenience. Additionally, the Tiara Series has been tested to the same standards used to rate today's high efficiency heaters, with Tiara I and II boasting A.F.U.E. ratings of 80+%. All models within the Tiara Series are available in Cocoa Brown, Matte Black, Porcelain Green or Porcelain Almond, so you're sure to find the right stove to complete your home.

## Our Mission Bay Stove

Our Mission Bay offers a panoramic view of the beautiful fire. The patented Mystifire™ burner, ceramic logs and standard refractory create such a realistic burn, people will actually question whether it is a traditional wood burning stove over gas. Additionally, the A.F.U.E. rating of 67% promises many cozy nights to be enjoyed by all. Our Mission Bay comes standard in a Matte Black finish and can easily be enhanced with a decorative gold door trim. Other upgrades available include remote controls, fan kit, wall switch or thermostat.

Mission Bay with standard black door and trim
